

Charity Flowers

Next time you send flowers, you could be giving more than just the bouquet...

Every time that you order one of the beautiful bouquets from Charity Flowers Direct to send to family or friends, they will give 15% of the retail price to Self Unlimited. It's that simple!

So, by placing 'SELF' in the Charity Source Code box on the order form, not only will you be showing someone that you care, you will be helping us, too. And that makes it double the gift!

You can order online at www.charityflowers.co.uk, and make your choice from a wide range of stunning seasonal arrangements, or telephone using the 24 hour Hotline 08705 300 600 (from overseas 01756 702825). You can also request an order form from us.

Orders are despatched Monday to Friday and deliveries are made within 48hrs of despatch. (Please place orders by noon for same day despatch).

Charity Flowers Direct is owned by Age Concern England, a major national charity, and is the only 'flowers by post' service in the UK that donates all of the profit back to charity.

Thank you!
